Maine Revised Statutes
Title 35-A: PUBLIC UTILITIES
Chapter 71: GENERAL PROVISIONS

§7101. TELECOMMUNICATIONS POLICY

1. Universal service. The Legislature declares and finds that the 50-year effort to bring affordable, universally available telephone service to the public has served the State well; universal telephone service has contributed to the State's economic, social and political integration and development; the public benefits from universal telephone service because each telephone subscriber receives a more valuable service when virtually anyone else in the State can be called; and a significant rate increase may threaten universal service by forcing some Maine people to discontinue their telephone service. It is the policy of the State that telephone service must continue to be universally available, especially to the poor, at affordable rates.

[1993, c. 410, Pt. 000, §1 (NEW) .]

2. Economic development. The Legislature further declares and finds that a modern state-of-the-art telecommunications network is essential for the economic health and vitality of the State and for improvement in the quality of life for all Maine citizens. Therefore, it is the goal of the State that all Maine's businesses and citizens should have affordable access to an integrated telecommunication infrastructure capable of providing voice, data and image-based services. The State shall consider policies that:

A. Encourage economic development; [1993, c. 410, Pt. 000, §1 (NEW).]

B. Employ methods of regulation that encourage the development and deployment of new technologies; and [1993, c. 410, Pt. 000, §1 (NEW).]

C. Encourage acceptable service applications that support economic development initiatives or otherwise improve the well-being of Maine citizens. [1993, c. 410, Pt. 000, §1 (NEW).]

[1993, c. 410, Pt. 000, §1 (NEW) .]

3. Report.

[1995, c. 631, §5 (AFF); 1995, c. 631, §1 (RP) .]

4. Information access. The Legislature further declares and finds that computer-based information services and information networks are important economic and educational resources that should be available to all Maine citizens at affordable rates. It is the policy of the State that affordable access to those information services that require a computer and rely on the use of the telecommunications network should be made available in all communities of the State without regard to geographic location.

[1995, c. 631, §2 (NEW); 1995, c. 631, §5 (AFF) .]

5. Homeland security and emergency alerts. The Legislature further finds that seamless, integrated, robust and redundant means of communication, including, but not limited to, voice and alphanumeric pagers, landline telephones, wireless telephones, text radio and wireless e-mail, create a robust communication system that enables rapid contact with first responders, ensures emergency alert notification to all affected persons in the State, including at-risk populations such as the hearing or visually impaired, and enhances homeland security. It is the policy of the State to encourage the deployment of the infrastructure necessary to support such a communications system.

[2003, c. 553, Pt. B, §1 (NEW) .]

6. Prepaid wireless telecommunications services. The Legislature further finds that, because prepaid wireless telecommunications services are provided to consumers without a periodic bill, the collection of fees and surcharges regarding prepaid wireless telecommunications services must be accomplished according to a methodology that differs from the collection of fees and surcharges on other wireless telecommunications services to ensure fairness and competitive neutrality with respect to other telecommunications services provided to consumers of wireless telecommunications services who do receive a periodic bill.

[2011, c. 600, §3 (NEW); 2011, c. 600, §10 (AFF) .]

§7101-A. TELECOMMUNICATIONS PRIVACY; POLICY

The Legislature declares and finds the following. [1991, c. 654, §1 (NEW); 1991, c. 654, §5 (AFF) .]

1. Privacy right. Telephone subscribers have a right to privacy and the protection of this right to privacy is of paramount concern to the State.

[1991, c. 654, §1 (NEW); 1991, c. 654, §5 (AFF) .]

2. Exercise of right. To exercise their right to privacy, telephone subscribers must be able to limit the dissemination of their telephone numbers to persons of their choosing.

[1991, c. 654, §1 (NEW); 1991, c. 654, §5 (AFF) .]

SECTION HISTORY

1991, c. 654, §1 (NEW). 1991, c. 654, §5 (AFF).

§7101-B. ACCESS RATES

1. Definitions. As used in this section, the term "intrastate access rates" means rates that a telecommunications service provider pays for access to a local exchange carrier's facilities and services in order to provide intrastate interexchange service.

[1997, c. 259, §1 (NEW) .]

2. Access rates. After any decrease of interstate access rates by the Federal Government, the commission shall consider corresponding reductions in intrastate access rates, taking into account both the disadvantages to customers of intrastate access rates that exceed interstate access rates and the disadvantages to customers of increases in rates for local telephone service that may result from reductions in intrastate access rates.

A. By May 31, 2005, the commission shall ensure that intrastate access rates are equal to interstate access rates established by the Federal Communications Commission as of January 1, 2003. [2003, c. 101, §1 (NEW) .]

B. If achieving the result required under paragraph A would result in an increase of more than 50% in the price of local telephone service, whether as a result of an increase in local service rates or an increase in universal service fund collections, the commission shall:

(1) Phase in intrastate access rate reductions through stepped reductions so as to produce as smooth a transition as possible; and

(2) To the maximum extent possible, keep increases in the price of local telephone service to no more than 50% for each stepped reduction in the intrastate access rate. [2003, c. 101, §1 (NEW).]

C. If interstate access rates are reduced by the Federal Communications Commission below the rates as of January 1, 2003, the commission may further require reductions in intrastate access rates beyond what is required under paragraph A, except that, within any 2-year period, the commission may not require such further access rate reduction if the result will be an increase of more than 50% in local service rates or an increase of more than 50% in the collection rate for the state universal service fund. [2003, c. 101, §1 (NEW).]

The commission may adopt rules to implement this subsection. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

[2003, c. 101, §1 (RPR).]

3. Consumer rates. If the commission finds that effective competition in the intrastate interexchange market does not exist, the commission shall require all persons providing intrastate interexchange service to reduce their intrastate long-distance rates to reflect net reductions in intrastate access rates ordered by the commission pursuant to subsection 2.

[1997, c. 259, §1 (NEW).]

§7104. AFFORDABLE TELEPHONE SERVICE

1. Low-income support. The commission shall require telephone utilities to participate in statewide outreach programs designed to increase the number of low-income telephone customers on the network through increased participation in any universal service program approved by the commission.

[1997, c. 692, §1 (NEW) .]

2. General availability. The commission shall seek to ensure that provider of last resort service is available at reasonably comparable rates to consumers throughout all areas of the State in which the service is available pursuant to section 7221.

[2015, c. 462, §2 (AMD) .]

3. Authority. The commission shall adopt rules to implement this section and may require voice network service providers to contribute to a state universal service fund to support programs consistent with the goals of applicable provisions of this Title and the federal Telecommunications Act of 1996, Public Law 104-104, 110 Stat. 56. Prior to requiring that voice network service providers contribute to a state universal service fund, the commission shall assess the telecommunications needs of the State's consumers and establish the level of support required to meet those needs. If the commission establishes a state universal service fund pursuant to this section, the commission shall contract with an appropriate independent fiscal agent that is not a state entity to serve as administrator of the state universal service fund. Funds contributed to a state universal service fund are not state funds. Rules and any state universal service fund requirements established by the commission pursuant to this section must:

A. Be reasonably designed to maximize federal assistance available to the State for universal service purposes; [1997, c. 692, §1 (NEW).]

B. Meet the State's obligations under the federal Telecommunications Act of 1996, Public Law 104-104, 110 Stat. 56; [2011, c. 623, Pt. B, §14 (AMD).]

E. [2011, c. 623, Pt. B, §14 (RP).]

F. [2011, c. 623, Pt. B, §14 (RP).]

G. Require, if a voice network service provider recovers its contributions under this section by means of a charge placed on a bill issued to a customer, explicit identification on that bill of any charge imposed under this section. [2011, c. 623, Pt. B, §14 (NEW).]

For purposes of this section, "voice network service provider" means a voice service provider that offers its subscribers the means to initiate or receive voice communications using the public switched telephone network. The commission shall determine by rule the amount of the fee on prepaid wireless telecommunications service that is required to be contributed to a state universal service fund established under subsection 3. The fee is a fixed amount per retail transaction established by multiplying \$25 by a percentage that is determined by the commission for purposes of calculating contributions to the state universal service fund by providers of intrastate telecommunications services. The fee must be rounded to the nearest penny. The fee may not be adjusted by the commission more frequently than once every 24 months. The collection of the fee is governed by section 7104-C. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

[2011, c. 600, §5 (NEW); 2011, c. 600, §10 (AFF) .]

4. Standards and reporting.

[2011, c. 623, Pt. B, §15 (RP) .]

5. Funds for Communications Equipment Fund. The commission shall annually transfer \$85,000 from a state universal service fund established pursuant to this section to the Communications Equipment Fund established under Title 26, section 1419-A.

If the Department of Labor, Bureau of Rehabilitation Services does not receive from federal or other sources funds in addition to the \$85,000 sufficient to carry out the purposes of Title 26, section 1419-A, the commission, at the request of the Department of Labor, Bureau of Rehabilitation Services, may transfer from the state universal service fund to the Communications Equipment Fund an additional \$100,000.

The commission may, upon the request of the Department of Labor, Bureau of Rehabilitation Services and after a finding that the funds are necessary and that sufficient attempts have been made by the Bureau of Rehabilitation Services to maximize federal support to support emergency alert telecommunications service, annually transfer up to \$57,500 from the state universal service fund established by this section to the Communications Equipment Fund established under Title 26, section 1419-A for the exclusive purpose of supporting the discount program established under Title 26, section 1419-A, subsection 6.

The commission may require contributions to the state universal service fund in an amount necessary to collect amounts transferred pursuant to this subsection.

6. Public-interest pay phone support. The commission may require contributions to a state universal service fund established pursuant to this section in an amount sufficient to collect up to \$50,000 each year to fund public-interest pay phones pursuant to section 7508. The commission shall maintain an accounting of all funds contributed to the state universal service fund pursuant to this subsection and all funds expended pursuant to section 7508. Funds contributed to the state universal service fund pursuant to this subsection may be expended only for the purposes of section 7508.

[2005, c. 131, §1 (NEW) .]

7. Telecommunications relay services support. In order to ensure the affordability of telecommunications relay services throughout the State, the commission shall establish funding support for telecommunications relay services, including related outreach programs, within the state universal service fund established pursuant to subsection 3.

A. In establishing the total level of support for the state universal service fund, the commission shall include funding levels for telecommunications relay services as recommended by the Telecommunications Relay Services Advisory Council, as established in section 8704, unless the commission determines, upon its own motion or upon the request of a voice network service provider, that the recommended funding levels may be unreasonable. If the commission determines that the funding levels may be unreasonable, the commission shall open a proceeding to determine a reasonable funding level for telecommunications relay services, including related outreach programs. Upon the conclusion of the proceeding, the commission shall establish funding support for telecommunications relay services, including related outreach programs, that it has found to be reasonable within the state universal service fund. The commission shall require contributions to the state universal service fund on a quarterly basis to meet the established funding support levels. [2011, c. 623, Pt. B, §16 (AMD) .]

B. In determining reasonable funding levels for telecommunications relay services, including related outreach programs, the commission may consider whether the recommended funding is for telecommunications relay services, including related outreach programs, that are:

- (1) Federally required services;
- (2) Services provided in other states with a similar deaf, hard-of-hearing and speech impaired population as this State; or
- (3) Services that are designed to maximize the effectiveness of telecommunications relay services through the application of new technologies. [2005, c. 305, §2 (NEW) .]

[2011, c. 623, Pt. B, §16 (AMD) .]

8. Maximization of support. The commission shall pursue all activities necessary to maximize the amount of federal support received by voice service providers offering voice and broadband service in the State.

G. To provide for the establishment of computer technology training programs in schools to provide training to students in areas such as, but not limited to, electronic commerce, Internet proficiency and World Wide Web-enabled systems; and [2001, c. 522, §2 (AMD).]

H. To provide for electronic database content to be used for the purposes of accessing information by schools and libraries. [2001, c. 522, §2 (NEW).]

[2011, c. 54, §1 (AMD) .]

6. Coordination with federal funds. Except as provided in paragraph A, qualified schools and qualified libraries shall apply for any federal discounts available pursuant to the federal Telecommunications Act of 1996. The level of discount, pursuant to subsection 4, is determined by the commission.

A. A qualified library is not required to apply for a federal discount pursuant to the federal Telecommunications Act of 1996 if the library determines that satisfying conditions for receiving that discount would substantially compromise the library's standards or mission. If the qualified library does not receive a federal discount as a result of a determination made in accordance with this paragraph, the commission shall establish an enhanced level of discount pursuant to subsection 4 to ensure the library is not substantially disadvantaged by that determination. The commission shall establish a level of discount that mitigates, to the maximum extent the commission determines appropriate, the financial impact on the library resulting from its not receiving the federal discount. [2003, c. 673, Pt. IIII, §1 (NEW) .]

[2003, c. 673, Pt. IIII, §1 (AMD) .]

7. Coordination with existing facilities. Any existing facilities developed to provide services to qualified schools, qualified libraries and the Raymond H. Fogler Library at the University of Maine, as directed by the commission under this section, must continue to provide services to qualified schools, qualified libraries and the Raymond H. Fogler Library at the University of Maine at rates that reflect the incremental costs to use those facilities.

§7104-C. COLLECTION OF FEES RELATED TO PREPAID WIRELESS TELECOMMUNICATIONS SERVICES

1. Prepaid wireless fee. This section governs the fees and surcharges related to prepaid wireless telecommunications services, referred to in this section as "the prepaid wireless fee." The amount of the prepaid wireless fee is the sum of the following fees:

A. The amount of the fee that is required to be contributed to the state universal service fund as determined pursuant to section 7104, subsection 3-A; [2011, c. 600, §7 (NEW); 2011, c. 600, §10 (AFF).]

B. The amount of the fee that is required to be contributed to the telecommunications education access fund as determined pursuant to section 7104-B, subsection 2-A; and [2011, c. 600, §7 (NEW); 2011, c. 600, §10 (AFF).]

C. The statewide prepaid wireless telecommunications service E-9-1-1 surcharge levied on prepaid wireless telecommunications service consumers pursuant to Title 25, section 2927, subsection 1-F. [2011, c. 600, §7 (NEW); 2011, c. 600, §10 (AFF).]

[2011, c. 600, §7 (NEW); 2011, c. 600, §10 (AFF) .]

2. Collection of fees and surcharges related to prepaid wireless telecommunications services. The collection of the prepaid wireless fee is governed by this subsection.

A. A seller of prepaid wireless telecommunications services shall collect the prepaid wireless fee from the prepaid wireless consumer for each retail transaction occurring in this State. The amount of the prepaid wireless fee must be separately stated on an invoice, receipt or similar document that is provided to the prepaid wireless consumer by the seller, when practicable. In circumstances in which disclosure of the prepaid wireless fee on an invoice, receipt or similar document is not practicable, the seller must make the information regarding the amount of the prepaid wireless fee available to the prepaid wireless consumer in another manner. [2011, c. 600, §7 (NEW); 2011, c. 600, §10 (AFF).]

B. For purposes of paragraph A, a retail transaction that is effected in person by a prepaid wireless consumer at the business location of the seller is treated as occurring in this State if that business location is in this State. Any other retail transaction must be treated as occurring in this State if the retail transaction is treated as occurring in this State for the purposes of Title 36, section 1752, subsection 8-B. [2011, c. 600, §7 (NEW); 2011, c. 600, §10 (AFF).]

C. The prepaid wireless fee is the liability of the prepaid wireless consumer and not of the seller or of any prepaid wireless telecommunications service provider, except that the seller is liable to remit all prepaid wireless fees that the seller collects from prepaid wireless consumers as provided in this subsection, including all such charges that the seller is deemed to collect when the amount of the prepaid wireless fee has not been separately stated on an invoice, receipt or similar document provided to the prepaid wireless consumer by the seller. [2011, c. 600, §7 (NEW); 2011, c. 600, §10 (AFF).]

D. The amount of the prepaid wireless fee that is collected by a seller from a prepaid wireless consumer, whether or not such amount is separately stated on an invoice, receipt or similar document provided to the prepaid wireless consumer by the seller, may not be included in the base for measuring any tax, fee, surcharge or other charge that is imposed by this State, any political subdivision of this State or any intergovernmental agency. [2011, c. 600, §7 (NEW); 2011, c. 600, §10 (AFF).]

E. If the prepaid wireless fee is amended by rule or law, the new amount of the prepaid wireless fee must take effect at the beginning of the next calendar quarter that is at least 60 days after adoption or enactment of the change. The commission and the State Tax Assessor shall provide not less than 30 days' advance notice of the adoption or enactment of any change to the prepaid wireless fee amount on both the commission's publicly accessible website and the State Tax Assessor's publicly accessible website. [2011, c. 600, §7 (NEW); 2011, c. 600, §10 (AFF).]

F. Prepaid wireless fees collected by sellers must be remitted to the State Tax Assessor. Prepaid wireless fees must be remitted at the times and in the manner provided for the remittance of sales tax under Title 36, section 1951-A and rules adopted pursuant to that section for the remittance of sales tax on an other than monthly basis. The State Tax Assessor shall establish registration and payment procedures that substantially coincide with registration and payment procedures as provided in Title 36, section 1754-B and related provisions. [2011, c. 600, §7 (NEW); 2011, c. 600, §10 (AFF).]

G. A seller who is not a prepaid wireless telecommunications service provider may deduct and retain 3% of the prepaid wireless fee that is collected by the seller from a prepaid wireless consumer. [2011, c. 600, §7 (NEW); 2011, c. 600, §10 (AFF).]

H. The State Tax Assessor shall establish procedures by which a seller may document that a sale is not a retail transaction. Procedures established under this paragraph must substantially coincide with the procedures for documenting a sale as a retail transaction as provided in Title 36, section 1754-B. [2011, c. 600, §7 (NEW); 2011, c. 600, §10 (AFF).]

I. The State Tax Assessor shall remit the total prepaid wireless fees collected pursuant to this subsection to the commission. The commission shall deposit the total fees into the prepaid wireless fee fund established in subsection 3 and shall ensure that, within 30 days of receipt:

- (1) The portion of the remitted prepaid wireless fees attributable to the E-9-1-1 surcharge imposed by Title 25, section 2927, subsection 1-H is deposited in a separate account;
- (2) The portion of the remitted prepaid wireless fees attributable to the fee imposed under section 7104, subsection 3-A is deposited in the state universal service fund established pursuant to section 7104, subsection 3; and
- (3) The portion of the remitted prepaid wireless fees attributable to the fee imposed under section 7104-B, subsection 2-A is deposited in the telecommunications education access fund established under section 7104-B, subsection 2. [2011, c. 600, §7 (NEW); 2011, c. 600, §10 (AFF).]

[2011, c. 600, §7 (NEW); 2011, c. 600, §10 (AFF) .]

3. Fund established. The prepaid wireless fee fund is established within the commission for the purposes of collecting and distributing funds pursuant to subsection 2, paragraph I.

§7105. CALLER-ID

Caller-ID services provided in this State are subject to the following. [1991, c. 654, §4 (NEW); 1991, c. 654, §5 (AFF).]

1. Per-call blocking. At least 2 months prior to initiating any caller-ID service, and throughout the period that caller-ID service is offered to subscribers in this State, telephone utilities must advertise and immediately upon initiating such service must offer to all subscribers free per-call blocking.

[2011, c. 623, Pt. B, §25 (AMD) .]

2. Per-line blocking. A telephone utility must provide per-line blocking to individuals, agencies and groups that submit a written request to the telephone utility asserting a specific need for per-line blocking for reasons of health and safety. Telephone utilities may not charge a subscriber a fee for the first per-line blocking or unblocking of the subscriber's line. Except as otherwise authorized by law or to confirm that a subscriber has made a valid request, telephone utilities may not disclose information concerning the request for per-line blocking submitted by an individual, agency or group.

§7106. UNAUTHORIZED CHANGE OF CARRIER

1. Unauthorized change of carrier. This subsection governs the initiation of a change in a customer's local or intrastate interexchange carrier that is not authorized by that consumer.

A. Notwithstanding Title 32, chapter 69, subchapter 5 or Title 32, section 14716, and except as otherwise provided by the commission by rule adopted pursuant to subsection 3, a local or intrastate interexchange carrier may not initiate the change of a customer's local or intrastate carrier unless the change is expressly authorized by the customer as verified by one of the following methods:

- (1) Written or electronically signed authorization from the customer;
- (2) Toll-free electronic authorization placed from the telephone number that is the subject of the change order; or
- (3) Oral authorization of the customer obtained by an independent 3rd party. [2007, c. 638, §2 (AMD) .]

B. When a customer's service is changed to a new local or intrastate interexchange carrier, the new local or intrastate interexchange carrier shall maintain for 24 months a record of nonpublic customer-specific information that establishes that the customer authorized the change. [2003, c. 530, §2 (AMD) .]

C. [2003, c. 530, §3 (RP) .]

D. A local or intrastate interexchange carrier that has initiated an unauthorized customer change shall:

- (1) Pay all usual and customary charges associated with returning the customer to the customer's original local or intrastate interexchange carrier;
- (2) Return to the customer any amount paid to that carrier by the customer or on the customer's behalf; and
- (3) Pay any access charges and related charges to access providers or to an underlying carrier when applicable.

[2011, c. 623, Pt. B, §26 (AMD) .]

2. Penalty. A local or intrastate interexchange carrier that violates this section is subject to penalty in accordance with this subsection.

A. The commission may impose an administrative penalty against any person who violates this section or any rule or order adopted pursuant to this section. In determining whether to impose a penalty, the commission may consider whether the violation was intentional. The penalty for a violation may be in an amount not to exceed \$5,000 for each day the violation continues, up to a maximum of \$40,000 for a first offense and a maximum of \$110,000 for subsequent offenses. The amount of the penalty must be based on:

- (1) The severity of the violation, including the intent of the violator, the nature, circumstances, extent and gravity of any prohibited acts;
- (2) The history of previous violations;
- (3) The amount necessary to deter future violations;
- (4) Good faith attempts to comply after notification of a violation; and
- (5) Such other matters as justice requires. [2003, c. 505, §40 (AMD) .]

B. [2011, c. 623, Pt. B, §26 (RP) .]

C. [2003, c. 505, §41 (RP) .]

D. The commission may order a telephone utility to withhold funds collected on behalf of a carrier that is subject to an administrative penalty proceeding conducted pursuant to this section if it finds that it is more likely than not that penalties will be imposed or customer refunds will be ordered that are equal to or greater than the amount ordered withheld. The commission shall provide the carrier notice and an

opportunity to be heard prior to ordering funds to be withheld. If the commission finds that there is a clear danger that, if notified in advance, the carrier will conceal or otherwise make funds unavailable to satisfy penalties or customer refunds prior to providing notice and an opportunity to be heard, it may issue an order to the public utility to withhold the funds without providing notice or an opportunity to be heard. To issue such an order, the commission must also make the first finding required by this paragraph. The commission shall, without delay, provide a copy of the order to the carrier along with written notice that the carrier, on request, will be provided with an opportunity to contest the finding that it is more likely than not that penalties will be imposed or customer refunds will be ordered that are equal to or greater than the amount ordered withheld. [2003, c. 505, §42 (NEW) .]

[2011, c. 623, Pt. B, §26 (AMD) .]

- B. [2011, c. 623, Pt. B, §26 (RP) .]
- C. [2011, c. 623, Pt. B, §26 (RP) .]
- D. [2011, c. 623, Pt. B, §26 (RP) .]

Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

[2011, c. 623, Pt. B, §26 (AMD) .]

4. Enforcement. The commission through its own counsel or through the Attorney General may apply to the Superior Court of any county of the State to enforce any lawful order made or action taken by the commission pursuant to this section. The court may issue such orders, preliminary or final, as it considers proper under the facts established before the court.

[1997, c. 702, §1 (NEW) .]

5. Notice to the Attorney General. If the commission has reason to believe that any carrier has violated any provision of the law for which criminal prosecution is provided and would be in order or any law regarding fraud or consumer protection, the commission shall notify the Attorney General. The Attorney General shall promptly institute any actions or proceedings the Attorney General considers appropriate.

[2011, c. 623, Pt. B, §26 (AMD) .]

§7107. UNAUTHORIZED SERVICES

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Billing agent" means a telephone utility that includes in a bill it sends to a customer a charge for a product or service offered by a service provider. [1999, c. 59, §1 (NEW); 1999, c. 59, §3 (AFF).]

B. "Billing aggregator" means any person, other than a service provider, who forwards the charge for a product or service offered by a service provider to a billing agent. [1999, c. 59, §1 (NEW); 1999, c. 59, §3 (AFF).]

C. "Service provider" means any person, other than the billing agent, that offers a product or service to a customer, the charge for which appears on the bill of a billing agent. [1999, c. 59, §1 (NEW); 1999, c. 59, §3 (AFF).]

D. "Unauthorized service" means the provision of any service or product by a service provider from whom a billing agent has not obtained sufficient evidence of customer authorization and for which a charge appears on the customer's telephone bill. For the purposes of this section, a charge for a collect call is deemed to be authorized by the customer receiving the call. [1999, c. 59, §1 (NEW); 1999, c. 59, §3 (AFF).]

[1999, c. 59, §1 (NEW); 1999, c. 59, §3 (AFF) .]

2. Registration requirements. The following acts are prohibited.

A. A service provider may not offer a product or service to a customer, the charge for which appears on the bill of a billing agent, unless the service provider is properly registered with the commission. [1999, c. 59, §1 (NEW); 1999, c. 59, §3 (AFF).]

B. A billing aggregator may not forward to a billing agent charges for a service or product offered by a service provider unless the billing aggregator is properly registered with the commission. [1999, c. 59, §1 (NEW); 1999, c. 59, §3 (AFF).]

D. A billing agent may not knowingly bill on behalf of a service provider who is required to be registered under this subsection and who is not properly registered under this subsection. [1999, c. 59, §1 (NEW); 1999, c. 59, §3 (AFF).]

A telephone utility that is authorized by the commission or by law to provide telephone services in this State is not required to be registered under this subsection.

The commission by rule may establish the manner and form of the registration. A registration properly filed with the commission takes effect 14 days after the filing date unless the commission objects to the registration and provides notice of its objection to the registrant within the 14 days. If the commission objects to the registration, the registration does not become effective unless expressly approved by the commission. The commission shall offer a person whose registration has been rejected an opportunity for a hearing. A registration, once effective, remains effective until revoked by the commission or surrendered by the service provider or billing aggregator.

[1999, c. 59, §1 (NEW); 1999, c. 59, §3 (AFF) .]

3. Revocation of registration; notice.

3-A. Denial or revocation of registration; notice. The commission may by order, after notice and opportunity for hearing, deny, suspend or revoke an application for registration as, or the registration of, a service provider or billing aggregator if the commission finds that the order is in the public interest and that the applicant or registrant, or a principal of the applicant or registrant:

A. Has knowingly misrepresented or omitted a material fact on the application for registration as a service provider or billing aggregator or has filed an incomplete application and does not take reasonable steps to provide the missing information; [2003, c. 505, §44 (NEW) .]

B. Has, in the case of a service provider, knowingly or repeatedly billed one or more customers for unauthorized service or, in the case of a billing aggregator, knowingly or repeatedly forwarded the charge for a service or product to a billing agent on behalf of a service provider who was required to be registered with the commission under subsection 2 and was not properly registered; [2003, c. 505, §44 (NEW) .]

C. Has engaged in any other false or deceptive billing practices prohibited by commission rule; [2003, c. 505, §44 (NEW) .]

D. Has acted as a service provider or billing aggregator in the State without being licensed to do so; [2003, c. 505, §44 (NEW) .]

E. Is then permanently or temporarily enjoined by any court of competent jurisdiction from violating any law governing the conduct of billing aggregators or service providers or from engaging in, or continuing, any conduct or practice indicating a lack of fitness to engage in the business of a billing aggregator or service provider; [2003, c. 505, §44 (NEW) .]

F. Has, within the last 10 years, pleaded guilty or nolo contendere to, or been convicted of, any crime indicating a lack of fitness to engage in the business of a billing aggregator or service provider; [2003, c. 505, §44 (NEW) .]

(3) An order entered by a court of competent jurisdiction or entered after notice and an opportunity for hearing by any state or federal occupational licensing agency denying, suspending, revoking or restricting the person's occupational license as a result of allegations of misconduct. This subparagraph also applies when the denial, suspension, revocation or restriction of the license is pursuant to a consent agreement between the person and the licensing agency, whether or not the agency also issued an order; or [2003, c. 505, §44 (NEW) .]

H. Has, within the last 5 years, entered into a consent agreement with a state or federal enforcement or regulatory agency in which the person agreed to discontinue engaging in one or more practices alleged by the agency to have been an unfair or deceptive act or practice. [2003, c. 505, §44 (NEW) .]

[2003, c. 505, §44 (NEW) .]

4. Procedure upon complaint. If a customer of a billing agent notifies the billing agent that a charge for an unauthorized service has been included in the customer's telephone bill, the billing agent shall:

A. Immediately suspend collection efforts on that portion of the customer's bill; and [1999, c. 59, §1 (NEW); 1999, c. 59, §3 (AFF) .]

B. Either cease collection efforts entirely with regard to the disputed charge or request evidence from the service provider that the customer authorized the service for which payment is sought. If the billing agent ceases collection efforts or sufficient evidence of customer authorization is not presented to the billing agent within a reasonable time, as defined by the commission by rule, the billing agent shall:

(1) Immediately remove any charges associated with the unauthorized service from the customer's bill; and

(2) Refund to the customer any amounts paid for the unauthorized service that were billed by the billing agent during the 6 months prior to the customer's complaint or during any longer period in which the customer can prove the customer was billed by the billing agent for unauthorized services.

If sufficient evidence of customer authorization is provided to the billing agent, the billing agent may restore the charges on the customer's bill and reinstitute collection efforts. The customer or the service provider may appeal the billing agent's determination to the commission. [1999, c. 59, §1 (NEW); 1999, c. 59, §3 (AFF).]

[1999, c. 59, §1 (NEW); 1999, c. 59, §3 (AFF) .]

5. Enforcement authority. In addition to any authority the commission may have pursuant to other law, the commission may enforce this section in accordance with this subsection.

A. In an adjudicatory proceeding, the commission may impose an administrative penalty upon the following entities for the following violations:

(1) A service provider who provides or charges for an unauthorized service;

(2) A service provider or billing aggregator who is required to be registered under subsection 2 and who is not properly registered pursuant to that subsection;

(3) A billing agent who knowingly bills on behalf of a service provider who is required to be registered under subsection 2 and who is not properly registered pursuant to that subsection at the time the billing agent's bill is generated; and

(4) A billing agent that fails to comply with any of the requirements of subsection 4. [1999, c. 59, §1 (NEW); 1999, c. 59, §3 (AFF).]

B. The amount of any administrative penalty imposed under paragraph A may not exceed \$1,000 per violator for violations arising out of the same incident or complaint and must be based on:

(1) The severity of the violation, including the intent of the violator, the nature, circumstances, extent and gravity of any prohibited acts;

(2) The history of previous violations;

(3) The amount necessary to deter future violations;

(4) Good faith attempts to comply after notification of a violation; and

(5) Such other matters as justice requires. [2003, c. 505, §45 (AMD).]

A. [2011, c. 623, Pt. B, §27 (RP).]

B. [2011, c. 623, Pt. B, §27 (RP).]

C. [2011, c. 623, Pt. B, §27 (RP).]

The commission may not adopt any rule that requires any 3rd-party verification of customer authorization of the provision of any service or product by a service provider that is an affiliate of the billing agent, as defined by the commission by rule.

§7108. USE OF 2-1-1 NUMBER; DESIGNATION OF SOLE ENTITY ENTITLED TO USE

The commission may designate an appropriate entity to be the sole entity entitled to use the 2-1-1 telephone number assigned by the Federal Communications Commission to be used for access to information and referral services. A designation may not extend for more than 3 years but may be renewed by the commission, after review, for successive periods of up to 3 years each. There is no limit on the number of times the commission may renew a designation of the same entity pursuant to this section. Before making a designation or renewing a designation, the commission shall determine that the designation or renewal is in the public interest. 1. Unauthorized and duplicative line-item charges prohibited. A telephone utility may not charge a customer for, or include as a separate line-item charge on the customer's bill, any charge unless that charge represents:

- A. An actual service or fee authorized by the customer; or [2009, c. 36, §2 (NEW) .]
- B. An actual tax, fee or charge authorized or required by federal or state law or by a federal or state agency rule or order. [2009, c. 36, §2 (NEW) .]

A telephone utility may not include in a line-item charge on a customer's bill any element of the telephone utility's costs that is charged for elsewhere on the customer's bill.

[2009, c. 36, §2 (NEW) .]

2. Description of line-item charges required. A telephone utility shall provide on the customer's bill a brief, clear, nonmisleading, plain language description of each line-item charge included on the bill and the authorized service, tax or fee represented by that line-item charge.
